

## Purpose

To provide a predictable environment where participants pursue healthy relationships and spiritual growth.

## Values and Goals

### Relationships

While prayer and discussion of curriculum are key elements, the driving force behind the group is the building of relationships.

### Authenticity

The atmosphere should encourage openness and transparency among members. This is an environment where people should feel free to be themselves.

### Confidentiality

For authenticity to occur, members must be able to trust that issues discussed within the group will not be shared outside the group.

### Respect

Group members should never say anything that will embarrass their spouses or other members of the group.

### Availability

A primary responsibility of the group is to prioritize for specific relationships. This requires a willingness to be available to meet one another's needs.

### Reproduction

Group members recognize that one of the goals of their group is to start a new group within the life cycle of the group. This allows others to experience the Community Group relationship.
